

In Memoriam LOHENGRIN ZAPIAIN

It is with great sadness we inform the membership of the sudden passing of our dear friend and member Lohengrin Zapiain on January 15, 2022.

Starting his career as a Focus Puller from Mexico City, Mexico. Loh moved to Vancouver, Canada in pursuit of further film opportunities as a Camera Operator. Joining I.A.T.S.E. 669 in September 2005.

An active Steadicam Operator in I.A.T.S.E. 667 since January 2015, Loh has been a friendly face and a source of smiles on Toronto film sets. Loh has charmed us with his humorous sarcasm and his big belly laughs. We remember his consummate professionalism and his enthusiasm and dedication to his craft. We admire his warm welcoming of new members, and his abundant fostering of future operators through his mentorship and guidance.

Loh lived in the moment. He loved to gather his friends together, whether over food, sports, or music, experiencing life fully in the right now. He will truly be missed by all who had the pleasure of knowing and working with him.

Lohengrin will be lovingly remembered and dearly missed by his wife Laura and son Luka. In the days after a loved one has passed, the task of handling financial matters can seem impossible. A GoFundMe has been set up to support Loh's family. If you wish to offer financial support and share fond memories with his loved ones please access the link below.

[Help Laura and Luka during these difficult times](#)
